

NOTRE DAME COLLEGE MODEL UNITED NATIONS

Notice for Delegate Registration Applicants

19th November, 2019

Dear Applicants,

Owing to security concerns, certain constrictions and important administrative decisions, the NDCMUN delegation affairs team have decided to delay the default sending of confirmation mails to each and every delegate who have registered and/or will be registering in the next few weeks.

Our AI system, secretariat team as well as professional IT members have been working relentlessly to ensure that the conference live up to its maximum hype possible, and thereby we have enacted certain restrictions to our Delegation Policies, which may prohibit certain institutions or delegates to participate in the upcoming conference owing to different legal administrative procedures, executive policies and other miscellaneous reasons.

Each and every registered delegate will be scrutinized thoroughly, and *only a certain number of selected applicants will be mailed the confirmation letter*. We believe this is duly necessary to uplift the flow of diplomacy in our upcoming conference, as NDCMUN firmly believes in academics to be a key indicator in the spirit of the Model United Nations circuit. Therefore, we urge all the applicants to keep your chins up and hope for the best for the upcoming selection process for NDCMUN 2019. Stay tuned through our event page and website for further updates.
